DEBS IS NOW IN JAIL.

Three of His Companions Are With Him.

ALL CHARGED WITH CONTEMPT

Their Trial Will Be Heard Next Monday and Until That Time the Men Will Remain in Prison, as They Refused to Furnish the Three Thousand Dollars Bail Fixed by the Court.

CHICAGO, July 18.—Eugene V. Debs, George W. Howard, L. W. Rogers and Sylvester Keliher, the officers of the American Railway union, were committed to jail yesterday by Judge Seaman in the United States circuit court for alleged violation of the injunction issued by Judges Wood and Grosscup. The four leaders of the strike in reality went to jail in default of bail for the court offered them their liberty until next Monday when they will have a hearing on the charge of contempt. Their bail was fixed at \$3,000, but the men refused to give it and the court committed them.

Debs and his companions were taken to jail by Marshal Arnold, and before they left the courtroom Judge Seaman instructed the marshal to take them out of the jail at any reasonable time or times in order that they may have abundant opportunity to consult their attorneys between this and next Monday.

Yesterday District Attorney Milehrst filed an information in court, charging the officers of the union with violating the injunction and asked for a writ of attachment for contempt. It was not necessary to issue a writ for Debs for he was in court when the information was filed.

When the injunction was issued by Judges Grosscup and Woods the usual chancery summons was issued, and those named in the injunction were directed to appear in court yesterday to answer. That was what brought Debs into court with the attorneys, who have been retained to defend him and his brother officers. The information was read to the court by Attorney Milehrst.

When Mr. Milehrst had finished the reading of the information Attorney George R. Peck, representing the receivers of the Santa Fe system, took the floor and read a petition for writs of attachment against the defendants on behalf of that railroad.

The petition asked that the defendants be punished for contempt for violating the order appointing the receivers as well as for violating the general injunction as it applies to the Santa Fe. A number of acts of violence are alleged and interference with trains.

The formal proceedings began at 2 o'clock when Attorney Irwin, for the defendants, asked that they be released on their personal recognizance.

Judge Seaman finally decided to set the case for next Monday and fixed bail at \$3,000 each. The four men made no attempt to furnish bail and were committed to jail until Monday. The attorneys for the defendants said their clients could not secure bondsmen, but Debs did not corroborate that when asked if he would give bail. He said he would not give bail to the amount of five cents.

A telegram was produced in court sent by Debs on July 2, to North Butte, Mon. It read: "General managers are weakening. If the strike is not settled in 48 hours, complete paralysis will follow. Potatoes and ice are out of sight. Save your money and buy a gun."

While seated in jail, awaiting the preparation of his cell, Debs said: "Well, this means a few days of rest and quiet at least. I have not had much rest for over a month and I am badly in need of it."

"No sir, we shall not give bonds. Our bonds are \$3,000 each, but we would not give bonds if they were five cents each. We are not posing as martyrs, neither do we ask for sympathy."

"All I have to say about our arrest to-day is that matters have come to that point in this free country when it is held to be a crime to advise a man what to do when he seeks your advice. We are guilty of no crime, unless the simple expression of an opinion is a crime. We are not responsible for this strike. Pullman is responsible for it."

The men were placed in the debtor's department of the jail, Debs and Howard being given a cell and Keliher and Rogers one adjoining.

Federal Troops Still at Chicago.

CHICAGO, July 18.—An effort was made by Governor Altgeld and Mayor Hopkins to convince General Miles of the strength of the state militia and its ability to cope with any further emergencies without the presence or aid of the federal troops. They went so far as to make a request that the regulars should be removed from the scene and the situation left to the state authorities and militia. But General Miles did not believe that the time had yet come for the withdrawal of the troops.

Passenger Train Derailed.

CHICAGO, July 18.—Four strikers threw a switch in front of a Wisconsin Central passenger train and derailed the engine, baggage car and two coaches. The train was moving slowly and no body was injured. One of the men was arrested.

STRIKE IN CALIFORNIA.

All Disturbed Places Heard From Through San Francisco.

SAN FRANCISCO, July 18.—The Southern Pacific company continue to run passenger trains more or less regularly during the hours of daylight but all

night trains are still being abandoned. Nonunion train crews are not flocking to division headquarters and this is probably the reason why so few freight trains are being moved.

The first fruit train dispatched for the east since the strike was ordered by Debs, was sent out of Sacramento yesterday morning.

At Sacramento the only exciting incident of the day was the dispatching of a train bearing 60 United States regulars to Dunsmuir, on the Oregon branch. The company's agent at Dunsmuir reported that the strikers there were becoming ugly.

The strikers at Sacramento continue active, however.

In Oakland, as well as in Sacramento, the railroad officials are meeting with difficulty in getting enough men to run their shops and man their trains. The strikers have been pretty successful in intimidating the men who otherwise might have stepped into vacant positions.

One man, supposed to be a striker and in whose possession several sticks of dynamite were found, was arrested near the railroad yards by soldiers and taken to the city prison.

The railroad company's paycar, bearing over \$150,000, passed down the Oakland mole yesterday and through the city, disbursing wages for May and June. Strikers who came to the car were told to decide whether they would return to work or not. If they elected to return, their May wages were paid them. If they refused every dollar that the company owed them was handed out. The paycar will proceed by easy stages into the San Joaquin valley, along all the branches, thence to Los Angeles, to Yuma and eastward as far as El Paso.

WRECKED WITH DYNAMITE.

Strikers Blamed For Attempting to Blow Up a Train.

MISSOULA, Mon., July 18.—An east-bound Northern Pacific train, the first in 16 days, was wrecked yesterday at a point about two miles east of here by a dynamite cartridge concealed in the track. The engine had barely struck the spot when a terrific explosion was heard, the shock shattering the pilot and right cylinder and piston rod. It also broke the windows of the cab and mail car. Had the engine gone fairly over the cartridge the result would have been more disastrous, as some eight coaches constituted the train, which was loaded with troops and passengers.

The strikers denounce the outrage. There is considerable feeling here over the return to work of some engineers and conductors, and it is expected that someone in sympathy with the strikers adopted this method of deterring further progress. A trestle, 100 feet long, three miles west of here, and one 100 feet long, on the Coner d'Alene branch, were burned last night.

DESTROYING BRIDGES.

Northern Pacific Trains Delayed by Such Outrages.

HELENA, Mon., July 18.—Reports from all portions of Montana are to the effect that trains are running on the Northern Pacific main line close to schedule time and that the company has enough applications to fill every vacancy. The only delay now comes from the destruction of bridges. Since the road first began to operate under military direction more than 20 bridges have been destroyed by fire.

In the last 20 hours three big bridges have been burned on the Rocky mountain division. People in the whole state are becoming aroused over the burning of the bridges and volunteers are coming forward with offers to guard bridges and to arrest anyone caught in any act that will endanger life. The state has offered a reward of \$1,000 for the capture of anyone caught in this kind of business.

Strikers in Court.

LARAMIE, Wyo., July 18.—James F. Egan, Daniel Haley, Jr., E. T. Burke, Ed Malone and James McDonald, arrested at Rawlins on charges of contempt of court in interfering with the operation of the Union Pacific road, were arraigned before United States Commissioner Symons here yesterday, and gave bail for their appearance before Judge Riner in the district United States court at Cheyenne next Monday.

Small-Sized Riot.

HAMMOND, Ind., July 17.—A crowd of riotously-inclined men caused considerable excitement here yesterday evening. They gathered about the Monon depot early in the evening and after a wordy altercation with one of the new trainmen, assaulted and beat him brutally. A company of militia was hurried to the scene of the trouble and the crowd was soon dispersed.

Trains Running Regularly.

LOS ANGELES, July 18.—All trains on both the Santa Fe and Southern Pacific railroads are running regular in southern California and the public is now suffering no inconvenience whatever. Ninety per cent of the old engineers and 60 per cent of the firemen have returned to work.

Mining Village Deserted.

MASSILLON, O., July 18.—Just three families now remain at Grovespatch, five months ago a prosperous mining village, in consequence of the strike, which is five months old today. Pigeon Run is almost depopulated also. The miners have been flocking to other localities as fast as they can find work. There is no prospect of a local settlement.

O'Donovan Rossa Got Left.

DUBLIN, July 18.—The voting for candidates for the office of city marshal by the municipal council resulted in the election of Edward Clancy. O'Donovan Rossa received only three votes.

TRAGEDY IN A COTTON FACTORY.

One Man Instantly Killed and Two Others Fatally Wounded.

DALLAS, July 18.—At 7 o'clock yesterday morning, and a few minutes after the Dallas cotton factory had started up for the day, H. P. Barnes, the boss weaver, entered the office of Superintendent A. H. Nickless and with a long-bladed knife assaulted that official, inflicting deep wounds over the left arm, in the left side, left groin and then driving the blade into the heart, severing that organ. Mr. Nickless fell and died in a few minutes without speaking.

At this moment John W. Nickless, son of the dead man and engineer of the mills, entered the office, when Barnes assaulted him with the same weapon, stabbing him several times, two of which penetrated the lungs. Young Nickless stabbed Barnes severely on the head and body. He may recover. Nickless' wounds are probably fatal.

The true cause of the trouble is not yet known. It is supposed Superintendent Nickless discharged Barnes and this led to the fatal duel. Others say the trouble arose over the dismissal of a lady employee, whom Nickless insisted on reinstating.

A. H. Nickless was between 50 and 60 years of age, and his family consisted of his wife and the son, who was wounded in the fight. He came originally from Boston, but he lived a number of years at Atlanta. Barnes is 30 years old, unmarried and a native of Columbus, Ga., where his father and several brothers and sisters live. His wounds are serious but not necessarily fatal.

EXTRADITION REFUSED.

Mexico Will Not Give Up a New Mexico Murderer.

CITY OF MEXICO, July 18.—The Mexican government has refused the extradition of Alvaro Fresquez, an American, on the request of Governor Thornton of New Mexico. Fresquez is wanted by the New Mexican authorities on the charge of murder, and is now in the state of Chihuahua, where demand was made upon Governor Ahumada for the surrender.

The Mexican authorities refuse the request under Article I of the Mexican constitution, viz.: "That extradition can only be effected when the fact of the commission of the crime shall be so established as that the laws of the country in which the fugitive shall be found would justify his or her apprehension and commitment for trial if the crime had been there committed."

The matter will now probably be appealed to the state department at Washington, and may lead to international complications.

STRIKE SETTLED.

Hocking Valley Railroad Men Mostly All Reluctated.

COLUMBUS, O., July 18.—The strike of the employees of the Columbus, Hocking Valley and Toledo railroad was settled last night by the acceptance at a meeting at Nelsonville of a proposition from President Waite to restore all the strikers to their old places except the two leaders, Mark Wild and Sherman Linn, and five men under suspension pending an investigation of charges against them.

The American Railway union is in no way recognized by the settlement and is a practical victory for the railway company. Governor McKinley, President John McBride of the United Mine Workers, and a committee of citizens from Nelsonville and Columbus, were largely instrumental in securing the settlement.

Still Unsettled.

TRINIDAD, Colo., July 18.—The coal miners' strike in this district is still unsettled. The Eagle mines have resumed work with a part of the regular force. The others concluded to continue the strike. The Starkville men held another meeting and also concluded to stay out. The Forbes mine has resumed work with a small force of men. The men will hold another convention soon, at which an effort will be made to settle all difficulties.

Soldiers Ready to Move.

OSWEGO, N. Y., July 18.—A fight occurred near the Standard Oil company's yards last night between a gang of long-shoromon and several nonunion men. Police were sent to the scene, but before they reached there the union men escaped. The Forty-first separate company of Syracuse has been ordered to be ready to proceed to Oswego if required, and are held at their armory equipped for immediate departure.

Lightning's Doings in Colorado.

DENVER, July 18.—Of four boys who were fishing in Argo lake during a thunderstorm yesterday, James Purrell was instantly killed by a flash of lightning; Robert Henry was paralyzed and the other two were stunned. At Colorado Springs a 6-year-old boy was struck, and when picked up was found to be badly burned, totally blind and unconscious. He will not recover.

Will He No Strike.

TOLEDO, July 18.—There will be no strike on the Cincinnati, Jackson and Mackinaw road. On May 15 a cut of 5 per cent was made in wages for 60 days only. A committee from Van Wert visited General Manager Drake yesterday, and after a short discussion the old scale, with a few exceptions, was again put into effect.

Fourth of July Victim.

WILLIAMSPORT, Pa., July 18.—Professor O. G. Hellman of Sibley college, Cornell, died here yesterday of lockjaw brought on by a wound received July 4 from the premature discharge of a cannon. He was graduated from Sibley college in 1891 with high honors and was a man of great promise.

FOREST FIRES.

One Village Destroyed and Other Property Destroyed.

EGG HARBOR CITY, N. J., July 18.—There is no end yet to the forest fires that have been raging in this vicinity for the past week. Yesterday and entire village was wiped out. The flames that had been sweeping toward Bridgeport, were turned aside by a shift of the wind Monday night, and during the early hours of the morning they reached a point near the little hamlet of Greenbush. The residents, in the meantime, had driven their livestock to a place of safety, and when it became apparent that the village was doomed, they loaded their household effects into wagons and hurried them away.

Much still remained to be moved when the flames reached the houses. The village stood in a little clearing in the pine belt and the stacks of hay and the dry wooden buildings proved even better food for the elements than the woods around. The villagers had been forced to flee long before this and are now encamped in a clearing some miles away. In addition to the destruction of this village many residences and barns in the course of the fire have been destroyed.

Forest Fires in Minnesota.

MINNEAPOLIS, July 18.—Reports are received here that the situation at Hinckley, where forest fires are raging, is becoming more serious. When the St. Paul and Duluth train came through Hinckley it was reported that Partridge station, on the Eastern Minnesota had been destroyed and that Kerriek was burning. Both of these stations had wired Hinckley to send fire apparatus to their relief, but so great was the danger threatening the latter place it was not thought advisable to respond to the call.

RUSSIAN THISTLE DESTROYER.

One Million Dollars Will Be Appropriated by Congress.

WASHINGTON, July 18.—In the senate yesterday a resolution, introduced by Mr. Vest, reciting that charges of favoritism and fraud had been made by exhibitors at the recent Chicago world's fair exposition against the committee on awards and directing the committee on the quadricentennial to investigate the charges, was referred to the committee on contingent expenses.

The following house bills were passed: To authorize the construction of a bridge over the Mississippi river at Dubuque, Ia., and providing for the resurvey of Grant and Hooker counties, Neb.

Consideration of the agricultural appropriation bill was then resumed and Mr. Hansbrough offered an amendment appropriating \$1,000,000 for the destruction of the Russian thistle, upon the bill as a "rider." A point of order was made against it by Mr. Cockrell (Dem., Mo.), but by a vote of 26 to 23 the senate decided the amendment to be in order and it was adopted, 27 to 24. At 6:20, the senate adjourned.

Bankruptcy Bill Passed.

WASHINGTON, July 18.—The house passed the Bailey voluntary bankruptcy bill by a vote of 127 to 81, and devoted the remainder of the day to business reported from the judiciary committee. Only two bills, however, were disposed of, one to create an additional circuit judge for the Eighth judicial circuit, and the other making United States railroad corporations for the purpose of jurisdiction citizens of the state through which they pass or into which they go.

UTAH NOW A STATE.

The President Has Signed the Bill For Its Admission in the Union.

WASHINGTON, July 18.—The bill admitting Utah to statehood, which has been a matter of such interest to western people in its various phases of progress toward enactment, was signed without any ceremony and in the ordinary course of business. It came before the president about midnight, along with several other bills, some applications for pardons and other routine matters.

Although it is customary to refer each bill before signature to the interior department for careful examination the Utah bill had been drawn to the president's attention so often that he was sufficiently acquainted with its terms to waive this proceeding, and accordingly gave it his approval on the same day that it reached him.

The pen and pinpoint with which it was signed is now the property of Delegate Rawlins and will pass into the keeping of the new state and be preserved as a historical relic.

Another Calson Victim.

CHICAGO, July 18.—All of those injured in the explosion of Battery F's caisson at Oakwood and Grand boulevards are in a fair way to recover, with the exception of Maurice O'Donnell, one of the privates in the battery, who is reported dying at Mercy hospital. O'Donnell was frightfully burned, and the surgeons had no hope for his recovery.

Young Lady Fatally Injured.

HUNTINGTON, W. Va., July 18.—The large residence of John Dickey was burned yesterday afternoon, and during the conflagration Miss Nora Carter, a young lady of 18, who was visiting them, ran into a room to secure her jewels, and had to jump from a window on the second floor to the ground, receiving injuries that will prove fatal.

Twenty-Eight Persons Drowned.

ST. PETERSBURG, July 18.—The river steamers Nishogorodetz and Dobrovoletz came into collision yesterday between Perm and Kasan and the Dobrovoletz was sunk. Twenty-eight persons were drowned.

Cash in the Treasury.

WASHINGTON, July 18.—The cash balance in the treasury is \$131,205,705, of which \$64,431,642 is gold reserve.

ALABAMA'S MILITIA.

The Are Now in Control of the Mines.

NO FURTHER TROUBLE EXISTS.

The Outrage Condemned on All Sides. Fifty Strikers Have Already Been Arrested and Fifty More Warrants Out. Birmingham Greatly Excited Over the Recent Riots.

BIRMINGHAM, Ala., July 18.—Birmingham is still in a fever of excitement over the attack of striking miners on the nonunion miners and deputy sheriffs at Pratt mines. The air has been thick with rumors as to the number of killed and injured in the battle, some of the reports placing the list of dead at 12 and the wounded at 150, but from trustworthy information, it is learned that the first list given out is correct. Six men were killed and about 15 wounded. It is impossible to secure a full list of the wounded on account of the action of the rioters in hurriedly taking their injured from the field and secreting them.

The dead are: B. W. Tierce, chief of the guards; John Flore, a French rioter. Three unknown negro miners and Anthony Carroll, a negro miner.

The wounded, as far as known are: George Campbell, a negro miner will die; Rodrigue Leguez, a striking miner, will die; Caleb Jones, a striking miner; Philip Steinetz, a striker, and Barney Anderson, a negro nonunion miner.

The indignation of the citizens at the outrage reached a climax yesterday afternoon, when a mass meeting was held to denounce the strikers. Strong resolutions were adopted and a committee on public safety was appointed to aid the authorities in bringing the guilty parties to justice. Speeches were made by prominent citizens, in which the strikers were denounced as bushwhackers and assassins. Governor Jones was highly praised for his prompt action in taking steps to suppress the rebellion.

The mines are now guarded by 15 companies of soldiers with orders to shoot to kill, and if another attack is made, the troops will make short work of the rioters.

Forty-four strikers have been arrested and about 50 more will be. The prisoners were brought to Birmingham and are being guarded by a strong force of deputy sheriffs at the Jefferson county jail.

Two unsuccessful attempts to burn loaded freightcars were made in the Georgia Pacific yards last night.

An attempt was also made to wreck passenger train No. 4 on the Louisville and Nashville railroad shortly after midnight. A lock was broken and the lock turned wrong, but the engineer discovered it in time to save the lives of nearly a hundred passengers. All of the railroad yards here are being patrolled by soldiers and deputy sheriffs.

INDIANS AND SETTLERS.

An Uprising Momentarily Expected and Serious Trouble Feared.

OKLAHOMA, O. T., July 18.—Jasper Jennings, a reliable scout and cowboy, just in from the Cheyenne and Arapahoe country, reports serious trouble between the Indians and settlers. A rising of the Indians is momentarily expected, and the ranchmen are preparing for a conflict. The trouble has been brewing since April last, when two Indians and a white man were killed in an affray which arose over the question of rights to certain lands.

The seat of the present trouble is Red Moon, a hamlet in Mills county, and the dissatisfaction extends to all the Indians in G. and Washita counties. It is a sparsely settled region in the western part of Oklahoma and is the wildest in the territory. There are more Indians than whites in the three counties named which accounts for the alarm felt. Settlers in the neighborhood of Red Moon recently purchased 300 Winchester, determining to defend their homes independent of the United States troops, the nearest post being two days' travel away.

The Indians claim sovereignty over the lands and permit their cattle and horses to run at will to the damage of settlers' crops. Settlers are wont to shoot the trespassing animals and the Indians retaliate by killing those of the whites. Men posted in Indian affairs say that in the event of a fight much blood will be shed as the Indians are well armed.

Ballplayer Kills a Tough.

SAN FRANCISCO, July 18.—Charley Sweeney, once the king of base ball pitchers, shot and killed Con McManus, a notorious local tough, in a saloon row. McManus, who is a powerful man, beat Sweeney and threatened to shoot him. He attacked the ex-base ballplayer a second time, when Sweeney fired three shots at McManus, two of them taking effect. Sweeney surrendered to the police.

New Governor of Lower California.

SAN DIEGO, Cal., July 18.—Don Augustus Sanguinez, late political chief of the district of Tehuantepec, Mex., has arrived on route to Ensenada, where he will relieve Colonel Rafael Garcia Martinez as governor of the northern district of Lower California. Senor Sanguinez has served as political chief in Chihuahua and has had considerable intercourse with Americans.

SAME OLD CRY.

Says the Pittsburg Post: "The American carpet manufacturers, through their Secretary, sent out a circular a few days ago, that the substitution of a duty of 35 per cent. for the duties of the McKinley law would deal a 'staggering blow to the carpet industry.' The best commentary we have seen on this is the American Wool Reporter, a trade paper, of the 5th of July, which says that the Alexander Smith Carpet Company, of Yonkers, N. Y., 'is maintaining its carpet trade with Great Britain with wonderful regularity,' adding: 'Of late it has alone shipped more carpets to Britain than English and Scotch manufacturers combined have sent to the United States. Here are extracts from the manifests of steamers arriving at British ports from New York during the first week in June and the last week of May: Glasgow, \$360; Liverpool, \$980; Newcastle, \$32; Southampton, \$1,250, or a total of \$2,610 worth of American carpets shipped to Great Britain in a single fortnight. The goods are not being sold at panic prices. Neither are they surplus stocks unsalable in the United States.'"

"These exports of American carpets to Europe are made on the basis of free wool—that is, the government refunds to the American manufacturers the tariff duties which they have paid on the imported wool used in making the goods. If, with free wool, American manufacturers can meet the English carpet makers at the doors of their own factories, can not American manufacturers beat English producers in the American markets on the same terms? As it is, under the drawback system, American carpets are sold in England cheaper than in America, and the carpet combines want to continue this rank injustice by the retention of the McKinley law."

What is true as to carpets is true of a great many other articles.

THERE isn't much left of Debs' strike except Debsey and the ruin caused by his rioters at Chicago and elsewhere.

Special Notice to the Public.

Having manufactured a much more extensive line of carriage work the past year than ever before, (very much in excess of the demand), we, therefore, have determined to offer for sale all hand-made work now completed in our factory and show rooms at a remarkably low cash price, on twelve month's time, preferring to do this to carrying the work, for we feel assured that at the expiration of above mentioned time both business and matters financially will have assumed its normal condition, which will not only produce a willingness to pay but an anxiety to do so, for we can already see a faint glimmering of a financial sunlight which will soon burst forth into a full blaze of prosperity.

Numerous expressions of astonishment were heard from the excursionists on the 15th as to the wonderful scenery along the Kinniconnick railroad, and the many attractions in the caves. Good restaurant and immense pavilion.

Census statistics show that in one year 800,000,000 dozen of eggs, valued at \$80,000,000, were produced in this country. In addition, the poultry annually sold is estimated to be worth \$300,000,000. These figures strikingly illustrate the value of little things, for chickens and eggs are generally looked upon as the perquisites of the farmers' wives. In the aggregate, however, these products are worth but little less than the wheat crop of the country at present prices, says the Cincinnati Tribune.

Madison Female Institute!

Boarding and day School for young Ladies. Thirty-sixth year opens in September, 1894. College and Preparatory courses. Building commodious; hot and cold baths and closets; recreation rooms are above ground—large, well ventilated. Grounds consisting of fourteen acres, affording ample space for tennis courts and other out-door amusements; commandingly located on a hill overlooking the city, within a minute's walk of the business portion.

In September, 1894, this school opens under the management of Mrs. A. R. Bourne and Miss Alice Lloyd, Associate Principals, late of Hamilton College, Lexington, Ky. They will be supported by an able corps of teachers. The school will be limited to thirty boarders, thus an opportunity for social life will be afforded, impossible in large boarding schools. For catalogue and other information address
 MRS. A. R. BOURNE,
 MISS ALICE LLOYD,
 Associate Principals, M. F. I., Richmond, Ky.

LEXINGTON, KY., June 20, 1894.

It gives me pleasure to say that I am well acquainted with the character and the work of Mrs. A. R. Bourne and Miss Alice Lloyd and that I think the Madison Female Institute very fortunate in securing their services in its management. They are both ladies of culture, executive ability and skill in the art of teaching. No parents in Kentucky or elsewhere need hesitate to put daughters under their care and instruction.
 J. W. McGARVEY.

To Whom it May Concern: Having learned that my friends, Mrs. Anna R. Bourne and Miss Alice Lloyd, have engaged to take charge of Madison Female Institute, it gives me pleasure to say that they are in my opinion in every way qualified for the responsible position. These ladies have had the opportunity of learning the best methods of teaching in some of the most celebrated seminaries in the land. This, combined with rare ability and some ten or twelve years' experience in the school room, gives assurance of success in their undertaking.

Mrs. Bourne and Miss Lloyd as Associate Principals, will be aided by a corps of able teachers; and from my knowledge of their ability, energy and Christian culture, I am sure they will do good service in the cause of Christian education. In this expectation I commend them and their enterprise to the patronage of the public.
 ROBT. GRAHAM, President College of the Bible.

A SLUGGING MATCH.

That's What Tuesday's Game of Ball Was, and the Regulars Got the Best of It.

The Ohio of Cincinnati were again knocked out Tuesday afternoon by the Regulars.

The game was a regular slugging match, the home team getting the best of it. The Regulars all had on their batting costumes, it seemed, and they pounded Zimmerman right along after the second inning.

The Regulars were again sleepy and indifferent, with two or three exceptions, and the game was full of rank errors. In fact there were so many errors on both sides the score-keeper could hardly keep run of them. The home team's bad playing was due to carelessness and seeming indifference. They had sized up the Ohio, and appeared to think that it didn't require much work to win. But a crowd doesn't like to see that kind of playing. They want more vim and snap in a game. A word to the wise is sufficient.

In the opening innings Tuesday the Regulars allowed the visitors to score five runs. This roused the home boys a little, and when they went to the bat in the third they started in to do some slugging, and they did it to the satisfaction of everybody on the grounds except their opponents. Four hot grounders were sent past second base in succession. All the Regulars had a go at the bat, and six of them made the circuit. In the next inning they scored six more runs, and followed up with several in the sixth. The visitors rallied towards the close of the game from the terrible pounding they had received, and ran their score up, the game closing in the eighth to allow them to catch the home train. Score 20 to 16.

The Flemingsburg and Sharpsburg teams are trying to arrange for a game to be played on the Maysville's grounds at an early day for \$100 a side and the gate receipts.

Fleming Gazette: "Clarence Musselman will go to Maysville some day within the next week and pitch a game for the Regulars. If his playing is satisfactory he may remain with the Regulars the rest of the season."

The most exciting base ball game of the season at Lexington was played there Monday afternoon, the Lexington team downing the Paris nine, the crack aggregation of the Blue Grass. Money changed hands freely on the game, the Paris crowd leaving big rolls behind. So high

was the spirit of rivalry that the Paris people offered \$5 for every run made by their team and \$20 for each home run. The score stood 6 to 3 in favor of Lexington.

Portsmouth Blade: "There is strong talk of organizing a tri-State base ball association for next season including Columbus, Portsmouth, Huntington and Maysville. Such an association, properly managed, it is thought would pay its way and furnish lots of fun for the cities interested."

The deciding game of the series between the Versailles and Shelbyville was won by the latter team Monday in a game marked by terrific batting. Allen, the first Versailles twirler put up, was knocked out of the box in the third inning, and Reamon, who was substituted, fared little better. Score, 18 to 15.

MAYOR COX gives notice elsewhere to the holders of city bonds Nos. 15 to 70 inclusive that they will be paid on August 1st, 1894, upon presentation at the Bank of Maysville. See notice.

THE crews of the steamer Silver Wave and Reliance rendered valuable assistance in extinguishing the fire at Vanceburg Tuesday morning. The flames were first discovered by the watchman of the Reliance.

ELDER YANCEY, of the Cynthiana Christian Church, has been granted a six weeks leave of absence on full pay. He will leave this week for Europe to spend his vacation, and hopes to improve his health.

CINCINNATI Tribune: "John D. Green, a young colored man living in Maysville, was leaning out of a second story window at 198 Central avenue at 10 o'clock Monday night. He fell out, landing on his head and tearing away all the scalp. Patrol 1 took him to the hospital."

AMPUTATION NECESSARY.

George Bell Loses One of His Feet as a Result of the Accident Last Friday

The injuries received by George Bell of the Sixth ward last Friday have proved more serious than was expected at first. The accident occurred at or near Vanceburg. In trying to board a C. and O. train, he fell under the cars and was bruised about his head and had the flesh torn off of one of his heels.

The latter injury was the more serious. The bone was stripped of skin and flesh and the member so badly crushed and bruised that amputation was found necessary Tuesday afternoon.

The operation was successfully performed at the home of Bell's mother in the Sixth ward, by Dr. Pangburn, assisted by Drs. Reed and Owens, of this city, and Dr. Hays, of Cincinnati, who has been visiting his uncle, Rev. Dr. John S. Hays. The leg was taken off four or five inches below the knee.

The patient suffered considerable pain last night, but was getting along very nicely this morning.

THE Ashland News says "the general dullness" seems to affect the wood working establishments of that city but very little.

THE venerable Mrs. Lucetta Bierbower, who has been seriously ill since Saturday, was thought to be growing weaker this morning. Her condition is rather critical.

THE gross earnings of Chesapeake and Ohio for the first week of July were \$136,270, against \$175,023 for the corresponding week of last year; decrease, \$38,753.

THE Ashland News says John C. C. Mayo has returned from a trip to the Northwest, in the interest of the railroad project he is working up for the Big Sandy country.

CHARLES MILLER, a C. and O. freight brakeman, is minus a fine suit of clothes and \$5 in cash. Thieves entered the caboose while his train was side tracked at Huntington and stole the stuff.

POSTMASTER D. C. LISLE, of Winchester, has decided to become a candidate for Congress to fill out the unexpired term of his brother, the late M. C. Lisle. Judge Beckner is also a candidate.

THE Ladies' Mite Society of the Christian Church will meet with Mrs. A. H. Thompson, of East Third street, this evening at 7 o'clock. A full attendance is desired. Business of special importance.

A BOARDING house belonging to Thomas Goodpaster, at Owingsville, and a barn belonging to C. C. Hazelrigg were burned Monday. It was only by the greatest effort that a big portion of the town was saved.

MR. JOHN A. GILLESPIE and Miss Tean Carr were married last evening at 7:30 o'clock at the home of the bride in the Sixth ward, Rev. John Cheap officiating. The groom is a motorman on the street railway.

WHEN women get control of the municipal government, they will doubtless make mistakes, but they will never abolish kissing in order to promote health, nor put restriction on swinging on the gate, says the Winchester Democrat.

THE condition of Mr. W. H. Fuller, General Passenger Agent of the Chesapeake and Ohio, whose legs were both broken in a wreck at Rapidan about two weeks ago, was not encouraging at last accounts. For the past few days his symptoms have been changing for the worse, and while his physicians do not consider his condition dangerous, yet it is sufficiently serious to cause his family and friends some apprehension.

THE advertisement of the Malison Female Institute of Richmond, Ky., appears elsewhere in this issue. The Associate Principals are Mrs. Anna R. Bourne and Miss Alice Lloyd. Miss Lloyd is a Mason County lady, a sister of Mrs. John C. Adamson of this city, and is one of the most accomplished instructors in the State. Her Associate Principal, Mrs. A. R. Bourne, is also largely related in this city and county, and to some of the oldest and most influential families. She is now in Kansas City, winning laurels in conducting the literary and art history departments of a summer school there. The Principals are supported by a corps of teachers that insure to students a course of training unexcelled by any similar institution in Kentucky.

MEN BLOWN TO ATOMS

Shocking Mine Accident Near Hazleton, Pennsylvania.

EIGHT MEN INSTANTLY KILLED

They Were About to Begin the Day's Work When Two Hundred Sticks of Dynamite Exploded, Killing Every One in the Party—Names of the Victims of the Great Disaster.

HAZLETON, Pa., July 18.—The most horrible accident which has ever occurred about the mines in this region took place at the Stockton mine yesterday morning. Two hundred sticks of dynamite exploded among a crowd of men who were preparing to go to their day's work.

All of these unfortunates were scattered and torn to fragments. The exact number killed is not positively known at this writing, but it is placed between eight and 11.

The cause of the explosion will never be known, as none of the men are living. It occurred at about 7 o'clock. The men were descending the slope at the time, and distributing themselves in the various chambers and gangways where they were employed at the bottom of the slope.

Charles O'Donnell, who looked after the explosives and supplies of the loaders, and other company workmen, was busily dealing out dynamite and caps to the leaders and the starters. The latter came to him in groups, usually, and between eight and 10 of these workmen were standing about him at the time.

The driver boys, who had come down earlier, had already passed in the muleway, and were cleaning and harnessing their teams in the stable, which is built in the Wharton gangway, about 100 yards from the bottom of the slope.

These boys were the only persons who were in the vicinity at the time, and the first intimation of an accident they received was the terrific report of the explosion. The concussion was so severe as to knock the mules and drivers about in the stable. The place was filled with dust and flying debris. All lights were extinguished.

The men were demoralized for the time, and did not know which way to turn. Although the explosion took place 300 yards below the surface, the shock was felt over an area of surface extending to the lumberyard three miles south, and in the adjoining mine, No. 2, Stockton. From the latter mine a rescuing party rushed through subterranean passageways to No. 8. As these men approached the bottom of the ill-fated slope, they came up with the drivers and other laborers groping about in the darkness.

Pushing forward toward the bottom they came upon a scene which baffles description. Huge timbers were twisted and torn and scattered about promiscuously. Rocks and debris were everywhere. Over all was strewn human flesh, legs and arms of the unfortunate victims, and from the jagged sides hang two shattered bodies. Not one of the several bodies was left sufficiently intact to permit identity.

The wildest excitement took possession of the villagers. Men and women flocked about the dark slope month in hundreds. Wives and sweethearts of the unfortunate men ran aimlessly about crying for aid and for their loved ones. Rescuing parties were formed immediately. A number of miners were lowered into the pit, and on the return cage ascended the men and boys who had escaped the terrible catastrophe. These were covered with dirt and dust. They were eagerly besieged by anxious friends, but to the friends of the men still below they could offer no consolation.

Telegrams were sent to Hazleton and surrounding towns. Many of the men employed in No. 8 lived at Hazleton, and the accident created excitement in that city. Crowds of people hastened to the slope, and added to the excitement, which was already agonizing. Superintendent Roderick was early on the scene and with a party of miners descended, and the work of collecting the remains commenced. From time to time men came up from below to get fresh air and revive their spirits.

With the arrival of each man from below the excitement became augmented. Standing about the opening to keep the people back were guards. It was 10 o'clock before the workmen got the remains of the victims sufficiently together to arrange for hoisting them to the surface. Eight rough boxes were taken down the slope. It was 11 o'clock before the first black box was hoisted slowly up the slope, and as it emerged from the darkness a loud wail from the loving relatives arose. The scene was heart-rending in the extreme.

Seven boxes were brought up containing the fragments of the victims, as far as the portions of a body could be recognized, while the eighth box was filled with human flesh, for which no attachment could be found. The undertakers took charge of the bodies.

Charles O'Donnell was the only one who could be recognized. To learn the names of the others it was necessary to find the living men, as it was not known how many stood around the supply-house when the explosion occurred.

The following is the name of the known dead: Charles O'Donnell, aged 25, married. Andrew Sabal, aged 38, married. John Primrose, aged 22, single. John Koehled, aged 23, single. Anthony Moravitz, aged 25, married.

John Krinock, aged 28, married. John Matofski, aged 44, married. John Brizzen, aged 25, single.

LANCASTER, O., July 17.—Ex-Attorney General D. K. Watson of Franklin county was nominated for congress by the Republicans of this the Twelfth congressional district yesterday afternoon by acclamation.

COLUMBUS, O., July 18.—Fred Shad, an inmate of Rev. Father Jessing's Catholic orphanage, on Main street, attempted to burn that institution by setting fire to one of the buildings.

VICE IN HIGH PLACES.

London's Personal Purity Society Threatens Some Startling Exposures.

The appalling report which has been circulated in the clubs for several days has caused more commotion in the smoking room of the house of commons than even the excitement of the threatened political crisis. It is asserted that a certain Personal Purity society several weeks ago put a dozen prominent statesmen of both parties under secret espionage, and all their comings and goings have been watched in order to see what company they keep, and whether club and political duties account for their late hours. In fact, a great mass of material has been gathered for another exposure of vice in high places.

Nobody pretends to give the names of the six Liberal and six Tory members whose private life is to be uncovered. Therefore there is much trepidation in certain parliamentary circles. It is suspected that the plot has been prematurely exposed, and so the execution of the plan will be averted. It is doubtful if such a crusade would meet public sympathy just now. The country still has the smell of the revolting modern Babylon revelations in its nostrils and no appetite for more of the same sort. The fact that investigation in the field named would yield startling results nobody familiar with the private morals of certain British statesmen can doubt.—London Special.

CONFESSION REPUDIATED.

Ed Holloway Claims He Did Not Wreck the Big Four Train.

TERRE HAUTE, Ind., July 18.—Ed Holloway, the young man in jail here charged with throwing the switch at Fontanet and causing the wreck Friday last, and who made a confession to Detective Grady of the Big Four road, now repudiates his confession, saying there was not a word of truth in it.

He says he is innocent of any connection with the crime, was coerced into making the confession by Detective Grady after being intimidated with stories that everybody believed him guilty and that he would be mobbed if he persisted in claiming his innocence. Holloway said last night: "As I will answer to God, both of my confessions were false and were extorted by fright and promises."

The Right Rope Broke.

MASSILLON, O., July 18.—The tight rope upon which Eugene Hawk was performing Monday night, broke, and he fell to the ground, a distance of 60 feet, striking a trolley wire in his descent. He went into convulsions, and is probably fatally injured.

Deputies Removed.

MASSILLON, O., July 18.—The United States deputy marshals were withdrawn from the Wheeling and Lake Erie railway yesterday, as the new men are meeting with no opposition in the discharge of their duties.

River News.

The Lizzie Bay reports one barge of coal aground at Manchester, and one aground at New Richmond chute. They belong to the Big Sandy Packet Company.

The new steel hull towboat being built by Howard for the Campbell Creek Coal Company will soon be ready to make a trial trip. She is said to be a wonderful piece of marine workmanship.

The district convention of the Christian Church of the counties of Mason, Bracken, Lewis, Fleming and Robertson, will be held at Mt. Olivet, commencing August 8th.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance. Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
